INDOCHINE APPAREL PLC

“When things aren't sustainable, they eventually have to stop”

~ Anders Ankarlid

For us at Indochine, sustainable manufacturing is more than mere compliance to rules, but rather a value driven from the apex of the organization, to empower our people and to preserve our planet for future generations...

Therefore, we treat our people with respect and steward our resources with care...

OUR ETHOS

INDOCHINE INTERNATIONAL

We are an international destination for classic and fashionable couture.

Headquartered in Hangzhou, China we at Indochine participate in the spirited game of fashion as sourcing agents, designers and factory agents.
